Welcome to Green Pepper :

There are principles about which we do not compromise here at Green Pepper, many of which relate to the standards in our kitchen, laborious procurement of freshest and top quality ingredients, unrelenting disposal of unused ingredients before staleness, and your overall long-term health that we insist here at Green Pepper.

Without any paid advertisement, not only patrons like yourself come back to us but also the number of patrons has been growing steeply and steadily in a relatively short time since we opened on 10/10/10, sometimes steeper than we were ready to handle resulting in many patrons waiting in long lines from time to time.

It proves to us that you support us to continue our standards of health-consciousness, freshness, & ambiance for you, rather than compromising for cheaper supply of what you eat. In return for your support, we will maintain the quality that you apparently enjoy.

Sincerely,  
Green Pepper

\* Karaoke Lounge starts from 10 pm by reservation. Contact manager for detail.
